

FenTuRo Brand Style Guide

This guide establishes the visual identity standards for the FenTuRo brand, ensuring consistent and correct application across all materials.

1. Logo Overview

The FenTuRo logo is composed of a graphic icon and a wordmark, positioned above a tagline.

- **Graphic Icon:** A stylized initial 'F' integrated with a depiction of a rolling shutter (Rollladen) or a window/door (Fenster/Türen) covering.

- **Wordmark:** The brand name **FenTuRo** in a custom typeface.
- **Tagline:** *Fenster Türen Rollläden* (Windows Doors Rolling Shuflers).

2. Brand Colors

The FenTuRo brand uses a simple, strong, and professional two-color palette, primarily derived from the blue spectrum to convey **trust, reliability, and quality**.

Color Name	Hex Code	CMYK Equivalent (Approx.)	RGB Equivalent	Use
Dark Navy Blue	#000C49	C: 100 / M: 95 / Y: 15 / K: 70	R: 0 / G: 12 / B: 73	Primary color, used for outlines and main text.
Medium Sky Blue	#6690CC	C: 50 / M: 30 / Y: 0 / K: 0	R: 102 / G: 144 / B: 204	Secondary/Accent color, used for accents, shading, and the tagline.
White	#FFFFFF	C: 0 / M: 0 / Y: 0 / K: 0	R: 255 / G: 255 / B: 255	Background color for most
				applications.

3. Typography

The chosen typeface is **Berlin Sans FB Demi Bold**, which provides a clean, modern, and sturdy look that complements the construction/installation industry.

- **Primary Font (Wordmark & Headings):** Berlin Sans FB Demi Bold
 - **Style:** Bold and impactful for the main wordmark and critical headings.
 - **Usage:** Logo wordmark (**FenTuRo**), main website headings, and primary campaign text.
- **Secondary Font (Tagline & Body Copy):** While the tagline uses the Medium Sky Blue color, it should maintain a high level of legibility. For general body text, a simple, sans-serif font like **Arial** or **Open Sans** is recommended for clear communication.

Example of Primary Font:

ABCDEFGHIJKLMNOPQRSTUVWXYZ
1234567890

4. Logo Clear Space and Minimum Size

Clear Space (Exclusion Zone)

To maintain visual integrity, the logo must always be surrounded by an area of clear space.

- **Rule:** The clear space (or exclusion zone) must be at least the height of the lefler 'F' in the **FenTuRo** wordmark on all sides.
- **Purpose:** Nothing should intrude into this space (e.g., text, other graphics, page edges).

Minimum Size

The logo must never be reproduced at a size where the details become illegible or the tagline is unreadable.

- **Print:** Minimum width of **1.5 inches (38 mm)**.
- **Digital:** Minimum width of **120 pixels (px)**.

5. Logo Usage Variations

The logo must maintain its aspect ratio and color specifications across all uses.

Variation	Description	Permi ed Backgrounds
Primary (Full-Color)	Icon in Dark Navy Blue and Medium Sky Blue, Wordmark in Dark Navy Blue, Tagline in Medium Sky Blue.	White or very light backgrounds.
Monotone (Dark)	Logo rendered entirely in Dark Navy Blue (#000C49) .	White or very light gray backgrounds.
Monotone (Light/Reversed)	Logo rendered entirely in White (#FFFFFF) .	Dark Navy Blue, Medium Sky Blue, or dark, high-contrast photography.

Prohibited Usage:

- **DO NOT** stretch, condense, or distort the logo.

- **DO NOT** change the colors or alter the color proportions.
- **DO NOT** place the logo on a busy or low-contrast background (e.g., on a photo where the colors clash).
- **DO NOT** rearrange the elements (icon, wordmark, tagline).
- **DO NOT** add outlines, shadows, or other effects.

6. Logo Applications (Uses)

The FenTuRo logo is the main identifier for the brand and should be consistently applied across all media.

Application Type	Examples of Use	Required Variation
Digital	Website header, social media profile pictures, email signatures, digital ads, application icons (using the graphic icon).	Primary Full-Color or Monotone (for icons).
Print	Business cards, letterheads, brochures, flyers, direct mail.	Primary Full-Color (CMYK values preferred).
Merchandise	Company apparel (shirts, hats), promotional items (pens, notepads).	Monotone (Dark or Reversed, depending on the item color).
Physical Assets	Vehicle wraps/signage, building signage, employee uniforms.	Primary Full-Color (ensuring high visibility).
Documentation	Contracts, invoices, technical manuals, internal presentations.	Monotone Dark (for simple, cost-effective printing).
